
R. M. Ellis, Johnsonville, Illinois, will hereafter receive the Old Weekly TIMES by generosity of George S. Heath of Towanda. By the way G. S. and B. F. Heath passed through the city today with 25 fine domestic milk cows they have purchased with the intention of furnishing milk to the Towanda creamery. They already are milking 23 head and are selling \$35 a month. They ought to make money, between the milk and the calves.
